## DESIGN SERIES

The Clarke Systems 1800 Design Series is an original style in a framed design. This is **one of our most popular sign choices** because of its very versatile appearance and ADA compliance. The changeable paper insert is surrounded by a framed lens window creating a vandal resistant option. There is ample space on the sign header to add a logo or other branding element. The side profile of this design series is slim, yet layered. The selection of this sign is appropriate for any environment and coordination is just a matter of color.
